School Newsletter

Welcome from the
Headteacher

Thank you to all parents and carers who came to the Online Safety assembly on Friday last week. This was so well attended and received that we are going to arrange some more in the future. It was great to see families in classrooms to share their children's learning and books too and everyone looked fantastic 'Dressed to Express' as part of Children's Mental Health week. This week Year 5 are looking forward to an exciting trip to Jodrell Bank and we can't wait to see the special Year 3 assembly on Wednesday about 'Mother Languages'. We finish on Friday (at the usual time) for February half term and look forward to seeing all children back at school on Monday 26th February.

	1b 90.9%	4b 93.8%	5c 94.3%

Fact of the week:

Mrs Hughes' Fact of the Week this week is:

Where was the composer Beethoven born? Challenge: Name four other famous composers and at least one piece of music they have each written.

Word of the week:

Mrs Pilling's 'word of the week' this week is:

Gargantuan

*What do you think it means?
How would you use it in a sentence?*

Year 5 trip to Jodrell Bank...

Parenting Smart

We all want the best for our children, but parenting can be really tough sometimes. We've all been there.

Place2Be's Parenting Smart is a site for parents and carers of 4-11 year olds, offering practical advice on supporting your child and managing behaviour.

All of our content is created by Place2Be's parenting experts. It's based on evidence and their experiences working with children, young people and their families.

Designed with busy parents in mind, the site has short videos and articles on topics from meltdowns to bullying, from sleeping difficulties to encouraging self-confidence.

from Manchester's public health team**

Measles

Measles is one of the most infectious diseases in the world.

This means it is easy to catch and easy to spread.

People can be very ill or even die from it.

If you get measles when you are pregnant, it can harm your baby.

But there is a safe vaccination that can protect you.
This leaflet tells you about it.

How Measles spreads

It spreads in the air when someone coughs or sneezes.

What are the symptoms?

High temperature and skin rashes.

What problems can Measles cause?

Adults, and babies (under 12 months) are more likely to have other problems with it.

In some cases Measles can cause chest infections, fits, swelling of the brain and brain damage.

Children may have to go to bed for about 5 days and miss about 10 days of school.

Vaccine

You will be asked by school or your Doctor to have your child vaccinated. **Please give your permission.**

The vaccine is called an MMR jab.

It protects your child from Measles, Mumps and Rubella.

Your NHS states there is NO link between this vaccine and autism.

The vaccine is used all over the World and is as safe as any other

Contact your GP if you have any questions or concerns

Year 1 School Trip..

Year 1 took a fantastic trip
to the Manchester Museum
recently!

They travelled there by bus,
and they loved the
experience – lots of them
very happy to see their
homes on the way!

Manchester Museum is
FREE and such a great
activity with the children.

Their favourite parts were the Fossils, Coins and especially the Egyptian Mummies!

Making a difference and achieving excellence for every child
