

Chapel Street Community Primary School | Autumn 1st Half Term Safeguarding Newsletter

“Working together to keep children safe.”

Welcome to our second issue of the Chapel Street Community Primary School Safeguarding Newsletter. This week we have launched our new SHARP System website – to help everyone work together in keeping children safe. It is another safe way for you to share information, or concerns, with us. Please take a look for yourself:

chapelstreet.thesharpsystem.com

Road Safety

We are all worried about the high risk of harm to children from unsafe parking and

poor road safety - when children are dropped off and picked up from school. This is becoming a serious problem at both entrances to school.

We politely request that ALL parents, carers and families help to protect our children by respecting Road Safety.

- Please park away from school - NOT on yellow lines.
- ONLY cross the road at a safe crossing place.

Online Safety

A huge thank you to everyone who has talked about 'Online Safety' and being 'Share Aware' with their children this week. Our Share Aware day on Monday was a big success.

Ask your child what they learnt to help keep themselves safe online?

Use this link to find out more about the sites, apps and games your child is using:

Autumn Safety

Greater Manchester Emergency Services are working together to keep children safe over the Autumn months. Find out more on their website below. You can even enter a competition to WIN an iPad!

safe4autumn.com

Halloween

If you are going 'trick or treating' please respect and consider others. The Top Tips below will help keep you safe.

Do...

- Cross roads safely
- Go with an adult
- Dress to be seen
- Respect others

Don't...

- Go alone
- Go in houses
- Wear fancy dress near candles or flames

Bonfire Night

- Fireworks are safe if you use them properly.
- Only buy fireworks with BS 7114 on the box.
- Children need to know that fireworks can be dangerous.
- Each year over half of all firework injuries are suffered by children.
- Sparklers should never be given to a child under 5 – they get five times hotter than cooking oil!

Be here, on time, every day...

- ▶ Thank you to all those families who are supporting our children to be the best they can be – by bringing them to school, on time, every day. Every minute missed from school can have an impact on your child's learning, wellbeing and sense of belonging.

Too many absences – whatever the reason – can keep children from succeeding in school.

Baby Loss Awareness Week (BLAW) – 9th to 15th October

Sadly, the death of a baby is not a rare event. 1 in 4 parents experience the loss of a baby in pregnancy, birth or shortly after. It can happen to anyone. During BLAW people come together to commemorate the lives of babies who have died, to help raise awareness and improve care for those families affected. If you, or anyone you know have been affected by miscarriage, stillbirth or loss of a baby, the organisations above can provide support.

"Everyone has a responsibility to keep children and young people safe."
