

Sports Premium Plan 2017-18

What is the Sport Premium?

The government is providing additional funding of £150 million per annum for schools to improve provision of physical education (PE) and sport in primary schools. This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools. Chapel Street has £23,828.55 to spend in the academic year 2017/18. This includes a £2368.55 carry-over from last year. Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

Accountability

From September 2013, schools will be held to account over how they spend their additional, ring-fenced funding. Ofsted will strengthen the coverage of PE and sport within the 'Inspectors' handbook' and supporting guidance so that both schools and inspectors know how sport and PE will be assessed in future as part of the school's overall provision. Ofsted will carry out a survey reporting on the year's expenditure of additional funding and its impact. Schools will also be required to include details of their provision of PE and sport on their website, alongside details of their broader curriculum, so that parents can compare sports provision between schools, both within and beyond the school day.

How are we using the funding to benefit our children? (All spending is calculated from September to July).

At Chapel Street we have allocated this year's funding in a number of ways:

Action: Hiring qualified sports coaches to provide additional after-school activities for each year group for half/one term.

Action: Buying new resources to enable a wider variety of sports and activities to be delivered in PE lessons catering for the new Greenacre Scheme of Work.

Action: Engaging families to exercise together and enjoy sports through family sports events and developing links with local clubs.

Action: Professional development opportunities for the PE leader.

Action: Providing cover to release staff for professional development in PE and sport.

Action: Enter and create sports competitions to raise the number of children participating in competitive sports within our school and against other schools.

Action: Developing pupil 'Sports Leaders' who will provide a range of sporting activities at lunchtime to increase pupils' participation in sports.

Action: To work with one-to-one staff on the development of resources and activities for children with disabilities.

Action: To provide opportunities for gifted and talented children to develop their skills and enter competitions.

Action: To assess the new assessment system that we have put in place that tracks talented and lower attaining children and use this to cater for their needs.

(Please note that this is a working document and changes may be made during the year.)
