Chapel Street  
Community Primary School

What a busy and exciting week we've had at Chapel Street this week. It has been wonderful to share our school with some very special visitors from the local authority, including the Director of Education (Amanda Corcoran). Amanda loved looking round the school and spending time with children and in all classrooms. She was impressed with how confident, enthusiastic and welcoming our children were and enjoyed hearing about their learning and experiences at school. She commented on the calm, purposeful and focused atmosphere in all the classrooms alongside really active learning and contributions from children. Amanda asked the children what they thought was special about our school - They said:

- How much we love the teachers and they love us;
- Everyone cares for and respects each other;
- We have fun;
- Teachers help us learn and get better at things;
- We learn to solve problems ourselves and help others who are sad;
- Our values are respect, inclusion and growth and we all make sure we follow these;
- If we are sad or worried we can always talk to someone and they will help us;
- We are going to get better jobs because of our education here!

We couldn't have been prouder to share Chapel Street with other people and see that they think our school is as special a place as we do. Well done to all the children who were part of the visits and represented our school so well.
